

My City, Our Story

If you are interested in local history, we need you to help collect, preserve, and promote the story of downtown West Palm Beach. The library is working on an exciting project with Artist-in-Residence, Matt Hyner, to create a virtual 3D model of the downtown as it is today and as it has evolved over the years. If you are interested, please contact Tara Moreno, Librarian, at 868-7723 or morenot@mycitylibrary.org.
